Sir:

This paper is filed in response to the Decision mailed November 20, 2007, in the above-referenced patent application. The decision indicates that the declaration submitted August 23, 2007, is defective because it is a composite declaration.

In response, attached hereto are copies of complete declaration documents for each of the inventors, which clearly indicate that the inventors were apprised of the appropriate inventive entity when executing same.

Pursuant to a teleconference on January 8, 2008, between Attorney James Thompson and the undersigned, the applicants understand that a new declaration is not required in view of the accompanying (complete) declaration documents.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP
